### Toro Limited Warranty for Irrigation Division Products (revised 10/23)

The Toro Company and its affiliate, Toro Warranty Company, pursuant to an agreement between them, jointly warrants to the owner each new piece of irrigation product (featured in the current catalog at date of installation) against defects in material and workmanship for a period described herein, provided they are used for irrigation purposes under manufacturer's recommended specifications.

During the warranty period, we will repair or replace, at our option, any part found to be defective. Your remedy is limited solely to the replacement or repair of defective parts. This warranty does not apply (i) to Acts of God (e.g., lightning, flooding, etc.) unless specifically listed under the Extended Lightning Protection Warranty provided herein; or (ii) to products not manufactured by Toro when used in conjunction with Toro products; or (iii) where equipment is used or installation is performed in any manner contrary to Toro's specifications and instructions, or where equipment is altered or modified.

Return the defective part to your irrigation contractor or installer, or your local distributor who may be listed in your telephone/web directory under "Irrigation Supplies" or "Sprinkler Systems", or contact The Toro Warranty Company, 5825 Jasmine Street, Riverside, California, 92504, phone (877) 345-8676, for the location of your nearest Toro distributor, or outside the U.S., call (951) 688-9221.

Neither Toro nor Toro Warranty Company is liable for indirect, incidental or consequential damages in connection with the use of equipment, including but not limited to vegetation loss, the cost of substitute equipment or services required during periods of malfunction or resulting non-use, property damage or personal injury resulting from installer's actions, whether negligent or otherwise. Some states do not allow the exclusion of incidental or consequential damages, so this exclusion may not apply to you.

All implied warranties, including those of merchantability and fitness for use, are limited to the duration of this express warranty.

Some states do not allow limitations on how long an implied warranty lasts, so this limitation may not apply to you.

This warranty gives you specific legal rights and you may have other rights, which vary from state to state.

### **Standard Warranty**

Toro Irrigation Division products are covered by this warranty for a period of two years from the date of installation, except as otherwise noted.

### **Extended Three-Year Warranty**

The following products are covered by this warranty for three years from date of installation: *DDC™WP Series Controllers, and TEMPUS DC Series Controllers* 

### **Extended Five-Year Warranty**

The following products are covered by this warranty for five years from date of installation: **Fixed Sprays**: 570Z, 570Z LP, 570Z PR, 570LP PR and 570Z PRX Series; I-PRO Series **Rotors**: T5, T5 RapidSet®, T7, 640, TS90, TS120, TS170, and P2 Series; **Valves**: 205, 311A, 2400/2600, 2700, 311, EZ-Flo Plus, TPV, 200B, 252, 100, 100-S, 102, P-220, P-220S and 220 Brass Series; **Controllers**: Evolution®, TMC-424E, Custom Command and TDC Series, AC and DC Decoders, all Irritrol Rain Master RME Series Controllers; **Sensors & Accessories**: Climate Logic®, SMRT Logic gateway, TWRS Wireless RainSensor™ Series (receiver and transmitter), RainSensor Series, Smart Connect®, EVO-WS, EVO-AR, EVO-HH, and SMRT-T

### Landscape Drip Warranty

Warranty period from date of delivery:

DL2000<sup>™</sup> Series Dripline – Emitters (2 years), Hose (5 years, pro-rated), ROOTGUARD (7 years) Drip In® Series Dripline – Emitters (2 years), Hose (5 years, pro-rated) Blue Stripe® Hose – 7 years, pro-rated Fittings (all) – 1 year Emission Devices – N.G.E. Emitters (2 years), All other emitters (1 year) Filters and related Components – 1 year Other Accessories – 1 year

### Grounding

The Toro Warranty for Irrigation Controllers is void if controller is not properly grounded per instruction manual. A good ground source is a mandatory component of overall surge protection for Toro Irrigation Control Systems. Grounding electrode(s) should be placed at each automatic controller or controller group locations. The resistance to the grounding electrode should not exceed 10 Ohms when measured with a Megger Earth Resistance Testing instrument or equivalent. It is the responsibility of the installer to connect all electronic irrigation equipment for which he is responsible to earth ground in accordance with Article 250 of the National Electrical Code (NEC). Even with optimum grounding, neither Toro nor Toro Warranty Company are liable for product failures due to acts of God (i.e., lightning, flooding, etc.), and these failures are not covered by warranty.
